Project Description: (An in-depth narrative of the details of the project, site, trades, LEED, etc.)

This project consists of the repair and renovation of the 100,000 SF building. The existing facility is 30 years old and used primarily for teaching and research by the Chemistry and Physics departments. Interior architectural improvements to the Lecture Halls, Corridors, Classrooms, etc. include new flooring, ceilings, and paint. The project will include major upgrades to the building Mechanical and Electrical systems. Sitework will include reconfiguring parking lots and sidewalks to accompany the new Boiler Building.

If your firm is interested in prequalifying for this project/phase, please check the box for your trade(s). This is a preliminary list of Bid Packages and may change based on response and qualified bidders.
