

**UNIVERSITY OF NORTH CAROLINA AT CHARLOTTE
FACILITIES OPERATIONS AND PARKING SERVICES COMPLEX
EARLY SITE / STRUCTURAL PACKAGE
FIRST-TIER SUBCONTRACTOR PREQUALIFICATION**

New Atlantic Contracting, Inc. is seeking to prequalify principal trade and specialty contractors to submit bids for the furnishing of labor, material, and equipment for the UNC Charlotte Facilities Operations and Parking Services Complex (FOPS) project. New Atlantic Contracting, Inc. has been selected as the Construction Manager at Risk for the project and will receive bids from and contract with the principal and specialty contractors for the execution of the work. Small, minority, women, and disabled-owned business enterprises are encouraged to participate.

The Facilities Operations & Parking Services Complex consists of an office/shop building, warehouse, and accessory structures located in the North Village Sector of the University of North Carolina at Charlotte campus. The project site is approximately 13 acres and located in an undeveloped area north of Lot 25. The project site is bordered by Lot 25 to the south, Poplar Lane and North Deck to the east, and contiguous undeveloped wooded area to the north and west. The complex will relocate and consolidate the current Facilities Operations, Parking and Transportation Services, and Receiving and Stores facilities located in several buildings throughout campus. The complex consists of two primary structures: an office/shop building and a warehouse totaling approximately 55,000sf. The buildings will be a one story steel framed structure for the office/shops building, with a pre-engineered metal building for the warehouse. The primary facades will feature brick and architectural cast stone.

Trade subcontractors are required for the following Early Site / Structural Contract packages:

- BP 2A EARTHWORK / EROSION CONTROL / STORM DRAINAGE
- BP 2B SITE UTILITIES (WATER & SANITARY SEWER)
- BP 2C PAVING, CURB & GUTTER, STRIPING, PAVING ACCESSORIES
- BP 2D TURNKEY SITEWORK (COMBO FOR 2A, 2B, and 2C)
- BP 3A TURNKEY CONCRETE (BUILDING AND SITE)
- BP 5A STRUCTURAL AND MISCELLANEOUS STEEL

Bid Packages listed above are preliminary and are subject to modification by the Construction Manager.

Historically underutilized business participation is highly encouraged. If a MWBE firm requests assistance with cash flow needs, New Atlantic Contracting will work with that Subcontractor, or Vendor, to arrange payment on a biweekly basis through a joint check arrangement. Similar project experience will be considered during prequalification.

Bid / Payment and performance Bonds will not be required for Bid Packages less than \$500,000.00, except for building envelope bid packages which include masonry and roofing. If submitting on multiple trade packages and the aggregate of the packages meets or exceeds \$500,000, a Bid, Payment and Performance bond will be required for each trade package.

Prequalification Workshop & Outreach – April 18, 2017 – 3:00 p.m. to 5:00 p.m.
