**PROJECT: UNC Charlotte
Parking Deck Restoration 2026
Design and Construction Administrative Services
Code 42526 Item 339**

Thank you for your interest in the subject project. This information is being provided to all firms which express an interest in the design of the project. Limit the size of your submittal document to no greater than 12½ inches in height and 9½ inches in width. **Maximum 40 pages – including standard forms, cover letters, and University issued *Submittal Cover Sheets***, but excluding the cover, tabs, separators, clear covers, blank pages, or cardstock backs. **Actual page counts will be derived from the electronic pdf submittal.** Do not include covers, blank pages, tabs, separators, etc. in your electronic submittal.

Submittals are due by 2:00pm, Thursday, July 23, 2026.

Do not transmit any submittal information via email.

Submittals **must** include the cover sheet, Sections I and II of the Standard Form 330, the Designer's Supplemental Information Form, along with any additional information considered appropriate. Please deliver **one** copy of the submittal, along with **one** electronic copy in pdf format USB drive attached to a printed submittal at the address noted above. Hard copy should be bound together as a document and the digital submission should be assembled into a single pdf file.

All submittals will be reviewed by the University Designer Evaluation Committee. The preliminary evaluation process will be conducted in August 2026 and firms selected for interviews will be notified at that time.

Any submittals delivered by courier should be delivered to the address written above. All hand delivered submittals should be delivered to the address written above and placed in the brown bid/proposals drop box located in the 1st floor lobby of FMPPS building 55. Any questions about the project should be directed via email to Stan Gant at sgant1@charlotte.edu. Please do not contact other UNC Charlotte staff.

Sincerely,

Jeanine Bachtel
Director of Project Management

The University of North Carolina at Charlotte
Parking Deck Restoration 2026

Design Services and Construction Administrative Services
Code 42526 Item 339

I. PROJECT DESCRIPTION

The proposed project is for the design and construction of repairs to (4) parking decks - Union, CRI, West and North. Findings are based on a 2025 condition assessment report. The report will be shared with the firms shortlisted prior to interviews. Repairs include but are not limited to concrete spalls and crack repairs, PT tendon repairs, repairs of the rotated wall spandrel, install new traffic coating at entry and over construction joints, expansion joint replacement, waterproofing, replacement of stair treads and minor mechanical/electrical/plumbing/fire protection. The design team will work in coordination with Parking and Transportation Services and other campus stakeholders.

EXPECTATIONS OF THE DESIGNER

The Design team must include professionals who can demonstrate high standards of accomplishments and knowledge in the following areas:

- Demonstrated experience in design and construction of parking deck projects, preferably in a higher education setting
- Demonstrated ability to provide cost-effective design measures for parking deck projects.
- North Carolina State Construction Office, UNC System, and Department of Insurance requirements and procedures
- Working with multiple user groups, committees, and University customers
- Designer must also verify that the firm is independent of any manufacturers, contractors, and suppliers.

II. SCOPE OF WORK:

The Designer shall provide combined SD/DD & CD documents and estimated construction costs for University Review. Designer shall also provide Bidding facilitation, contracts, construction administration, and inspection services for the parking deck repairs.

The Designer shall schedule meetings with designated University representatives to review each design phase of the project, to include budget and schedule.

The Designer shall submit all necessary documents, as required and if needed, for an informal North Carolina State Construction Office (SCO) review.

Some of the important design elements will be:

- Economical design including evaluation of first and life-cycle costs
- Evaluation of existing conditions and recommendations for repairs with attention to technical details and specifications
- Safety of University visitors, students, and personnel
- Protection of existing facilities throughout construction

III. DESIGNER SELECTION CRITERIA

As detailed in the North Carolina Administrative Code (01 NCAC 30D .0303), the

University's Design Selection Committee will use the following in evaluating qualifications:

- 1) Specialized or appropriate expertise in the type of project
- 2) Past performance on similar projects.
- 3) Adequate staff and expertise for the proposed project design team.
- 4) Current workload and State projects awarded.
- 5) Proposed design approach and review methodology for the project.
- 6) Recent experience with project costs and schedules.
- 7) Construction administration capabilities.
- 8) Proximity to and familiarity with the area where the project is located.
- 9) Record of successfully completed projects without major legal or technical problems.
- 10) HUB participation on the design team and/or consultants
- 11) Other factors that may be appropriate for the project

IV. SCHEDULE

The design of the project will begin immediately after a contract is executed and will proceed through bidding the project in spring of 2027. Actual contraction will be determined based on availability of materials and coordinating with Parking and Transportation Services.

V. BUDGET

The total project budget is \$870,000, which includes design fees, soft costs and all associated construction costs.

This sheet is to be the cover sheet for the submittal. If the submittal is bound in a binder, this will be the top sheet visible upon opening the binder cover.
